Issue 5—October 7, 2022

Our first family movie night of the year was a huge success. Thank you to Father Fonti for gifting the school with the inflatable movie screen, the PAA for organizing the event and working the concession stands. We would like to send a special thank you to Cinemart movie theater (located on Metropolitan Ave) for donating all of the popcorn! This was a great way to kick off the Halloween season with a showing of Hotel Transylvania. Stay tuned for more info on our second annual Night of the Jack-O-Lantern on Friday, 10/28 so start planning your Jack-o-Lantern designs. All of the money raised by PAA events goes directly back to our children and pays for all those “fun” extras that we are happy to be able to provide for them, like holiday parties and the end of year carnival. Thank you for all who came out!!! - Amy Barron

Spotlight on 3K!

Our 3K students have been in school for just about a month and they are making such a smooth transition. They have been learning their new routines and class rules, making new friends and developing their social skills. Our students love participating in circle time in the morning and exploring and playing in their learning centers. One of their favorite places is the playground and their weekly gym classes where they are developing their gross motor skills and building healthy habits. They also enjoy their music class where they get to sing and dance and art where they are exploring colors, textures and letting their creativity shine. Who says learning can't be fun?.....certainly not our 3K students. For them, learning truly is child's play!
