Off to the Farm

On Thursday, our Kindergarten, First and Second graders took a trip to the Queens Farm. With all the hustle and bustle of the city, we don't always remember that we have a working farm, right here in our borough. This is a great opportunity for our kids to get out into nature, and explore that important resources (mainly food!) that farms provide for us. We often take for granted that we our refrigerators and stores are stocked with fresh food, but kids develop a deeper appreciation and respect for our natural resources when they understand where they come from. Although Mother Nature gave us a wet and dreary day, nothing could dampen the kids' spirits and they had a great time!
