GOAL.....St. Mel's Soccer Off to a Great Start

Not only has our school had a restart, but our parish CYO sports program has as well. After Covid suspended all sports, we have had to rebuild our CYO sports program. We started small, with just some inhouse soccer and basketball clinics. This year, for the second year in a row, we have two competitive soccer teams and have also added track. Both teams are off to a fantastic start this year. Father Fonti gave the players a blessing at mass last Sunday and it seems to have worked...this past weekend our 2/3 team topped St. Luke's while our K/1 team defeated Blessed Trinity. More important than the wins is that our kids play with heart and good sportsmanship. Thank you to our CYO coordinators and coaches for providing this opportunity for our kids. GO WILDCATS!

A is for Apples

While for us grown-ups, Fall may be the time for pumpkin spice lattes and pumpkin spice everything, but for our little ones, it all about apples. With Johnny Appleseed Day this past week, our 3K and PK students have exploring apples. Johnny Appleseed was an American pioneer who became legendary for introducing apple tree to a large part of the United States as well as for his kindness, generosity and commitment to conservation. The children have been reading stories about apples, creating artwork with apple prints, exploring the parts of an apple, and even balancing them on their heads. Of course, the best part of learning about apples is eating them!!! Ms. Kish even made a delicious apple cake. Yum!!!!

Looking Ahead

- Monday 10/9 **NO SCHOOL** in observance of **Columbus Day**
- Friday 10/13—Spiritwear orders due
Rescheduled Movie Night
- Monday 10/16—Catalog Sale ends
Winter Uniforms begin PAA meeting at 1:30pm
