## We All Scream for Ice Cream

Week 2 is a busy one as students are settling into their routines both in the classroom and at home. This week though we had a special cool treat at the annual Carvel Ice Cream social. It was so nice to see so many of you come out for some delicious ice cream and to support the school. Some of our students even made signs and got the cars passing by to honk, because of course ice cream makes everyone happy! A special thank you to the PAA for organizing this event and of course to Carvel for donating a percentage of the afternoon's and evening's profits to our school. - Mrs. Barron

## STEM In Action!

This year we are excited to have a dedicated science teacher on staff! Ms. Napolitano teaches Science and STEM to our 3rd through 5th grade classes as well as STEM to grades K-2. STEM incorporates principles of science, technology, engineering and mathematics to develop creativity, critical thinking, innovation and real-world problem solving. Our 5th grade class has been learning about engineering and technology and how it is incorporated into our daily lives. They were challenged to create a chair that could support the weight of "Humphrey", their class stuffed animal. This activity promoted teamwork and innovation. The kids did a great job and had fun while doing it. Check out some of their awesome creations....

### Looking Ahead

- PAA Meeting 7pm
- Wednesday 9/28—Picture Day: PreK individual and group photos, K-5 individual photos only
- Thursday 9/29—Picture Day: 3K individual and group photos, K-5 group photos only
- Friday 9/30—Family Movie Night 6:30 pm
- Monday 10/3—PK-Gr. 1 vision screening
- Thursday 10/6—Cigar Night at Bourbon Street
- Friday 10/7—No School—Faculty PD
- Monday 10/10—No School—Columbus Day
