Read Across America

March 2nd commemorates Read Across America Day, which is celebrated annually on the birthday of famed children’s author Dr. Seuss. Many of us grew up with Dr. Seuss books and I remember them fondly. It is so nice to see our children getting the same joy out of those stories. Not only do we celebrate Dr. Seuss, we also celebrate reading. Not only is literacy an essential life skill, but has the power to bring a world of new information, excitement and pure joy. All it takes to travel to a far away or imaginary land is to open the pages of a book. I personally love to read and I love to see that children today are still inspired by books. Check out our kids showing off their favorite literary characters, authors and Dr. Seuss gear....beware of Cats in Hats and Things!! - Mrs. Barron

It's Playtime!

After long shipping delays, we are excited to finally be able to open our indoor play space for our 3K and PK children. This unique soft play area provides our littlest Wildcats with a safe place to explore and develop their physical, gross motor and cognitive skills all while having fun. Here at St. Mel's Catholic Academy, learning really is child's play. It is a joy to see their smiling faces and hear their laughter as they learn and play.

Looking Ahead

- Monday 3/6 @ 7pm—Virtual PDHP parent workshop on Mindfulness
- Thursday 3/9 @ 6:45—Meeting for parents and students receiving Sacrament of Reconciliation (Grade 2)
