Congratulations to our Second Graders!

We would like to congratulate our second graders as they received the Sacrament of Reconciliation last Saturday. While we are all made in God's beautiful image, He loves us so much that He gave us free will, and because of our human nature, sometimes we make mistakes. However, God welcomes us back with open arms through the Sacrament of Reconciliation. As a Catholic school, we strive to educate the minds and souls of our students. Our second graders have learned that although we should always do our best, we will sometimes make mistakes, but it is important to own up to them, accept responsibility for them and (hopefully!) learn from them, so that we can always be the best versions of ourselves. God's love is unending and unconditional and through penance, they are brought closer to God as they prepare for their First Holy Communion. Congratulations boys and girls!- Amy Barron

A Beautiful Noise

On Thursday, we held our second annual in person Piano Concert. I know the children were a little nervous about performing solo, but they looked so beautiful and handsome all dressed and they did a wonderful job. I am so proud of them and how far they have come in just 3 years of piano instruction. We are blessed to be able to provide the gift of music to our students and we are so grateful for Father Fonti and his siblings who donated the piano lab in memory of their mother and for Mr. Rudy, our music teacher who dedicates his time and talents to our church and school community. Without them, this would not have been possible. Congratulations to all!

Looking Ahead

- Monday 3/20— First day of Spring and Feast of St. Joseph (observed) Free dress down—wear brown or red in honor of St. Joseph
- Wednesday 3/22-Friday 3/24 Scholastic Book Fair
- Thursday 3/23 Parent Teacher Conferences 3-6pm
